Dr. Murray Clarke

DNM, D.Hom, L.Ac.
Founder and Formulator

Dr. Murray Clarke, the developer of ChildLife Essentials®, holds licenses and doctorates in three fields of medicine: naturopathic medicine, homeopathic medicine and Chinese medicine (including acupuncture and herbology).

He moved to the United States from New Zealand 35 years ago and has since become a pioneer in the field of holistic pediatrics.

He blends a number of medical modalities including homeopathy, acupuncture, herbal medicine and clinical nutrition to help patients with hard-to-treat conditions. He has become the “go-to” doctor for pediatricians whose standard pharmaceutical approaches haven’t been successful.

Dr. Murray Clarke continues to focus his experience, treatments and quest for knowledge on how to treat and prevent childhood illness at its root cause.

ChildLife Essentials. Designed for the Picky Eater

Setting a strong foundation for health in the earliest years of life is of paramount importance. In fact, many children's health experts believe that whatever happens in childhood, and especially in the first seven years, establishes the basis for the rest of a child's life. How a child's body, brain and immune system grow, develop and mature creates the foundation that they will work with for the rest of their lives.

ChildLife Essentials® offers doctor-developed nutritional formulas you can trust, to help provide your infant or child with the best possible start in life. Along with a healthful diet and careful nurturing, the ChildLife® Nutritional Supplement program will support your child through the formative years and help create a solid foundation for good health throughout life. Make ChildLife® Nutritional Supplements a regular part of your infant or child's daily routine.

ChildLife Essentials® Zinc Plus®

4 Fluid Ounces (118 mL)
Natural Mango Strawberry Flavor Liquid Formula

Zinc helps maintain and support the immune system.*

Essential trace mineral important for growth and immune function. Zinc supports many cellular functions important to the immune system and helps maintain skin barrier integrity.*

Provides both zinc and copper to support a healthy mineral balance. At high levels zinc has the potential to impact copper absorption, so we've formulated to provide both essential trace minerals in one formula.*

Why ChildLife Essentials® Zinc Plus®?

Efficacy: Supports healthy immune system function in a convenient liquid dosage.

Purity: Gluten-free and non-GMO. Contains no artificial colors, flavors, or sweeteners.

Taste: Naturally sweetened and with a delicious natural mango strawberry flavor. Formulated specifically for use by children beginning at age six months to teens.

Children 4+ yrs: 1 tsp daily

ChildLife Essentials® Liquid Iron

4 Fluid Ounces (118 mL)
Natural Berry Liquid Formula

ChildLife Essentials® Liquid Iron provides 10mg of iron bisglycinate per teaspoon. This chelate form of supplemental iron is easily absorbed and one of the best tolerated forms for sensitive stomachs. Our potent liquid formula is designated to provide iron for your child's needs.*

Iron, an essential trace mineral, is required for healthy red blood cell formation, and oxygen transport by hemoglobin. Young children and teenagers are among populations at risk for inadequate intake.*

Why ChildLife Essentials® Liquid Iron?

Efficacy: Provides 10mg iron per teaspoon (as ferrous bisglycinate chelate) for normal blood function support and healthy energy production.

Purity: Kosher, gluten-free, alcohol-free, casein-free. Does not contain milk, eggs, soy, wheat, yeast, or corn. No artificial colors, flavors, or sweeteners.

Taste: Naturally sweetened and with a delicious natural berry flavor. Formulated for children of all ages.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

ChildLife Essentials® Healthy Vision SoftMelts®

27 Tablets
Natural Berry Flavor

ChildLife Essentials® Healthy Vision SoftMelts® provide Bilberry Extract, Lutein, Zeaxanthin and Vitamin A. These contribute to maintaining and supporting normal, healthy vision.*

- Some of the best antioxidants you get are from berries, and especially wildy-grown bilberries. It has long been known that bilberries have a positive effect on vision, especially because bilberries contain strong antioxidants that help preserve the function of the eyes.*
- Lutein and Zeaxanthin protect the eyes by acting as powerful antioxidants that prevent free radical damage.*

Why ChildLife Essentials® Healthy Vision SoftMelts®?

Efficacy: Supports the healthy function and development of your child's visual system and may protect against overexposure to damaging blue light from digital device use.

Purity: Non-GMO, gluten-free, and sugar-free. Contains no artificial colors, flavors, or sweeteners.

Taste: Combines the natural sweetness of xylitol with a delicious berry flavor. Formulated specifically to support healthy vision in children, beginning at age one to teens.

ChildLife Essentials® Multi Vitamin & Mineral

8 Fluid Ounces (237 mL)
Natural Orange / Mango Flavor Liquid Formula

ChildLife Essentials® Multi Vitamin & Mineral formula contains twelve key vitamins plus the eight essential minerals, making it the best one for children.

Ideally, children would obtain all these nutrients through food, but food may not be as nutritious as it used to be. Modern farming methods may have depleted our soils of the nutrients necessary to grow nourishing food. At the same time, environmental pollution may have created an increased need for these essential nutrients.*

Pediatrician-developed specifically for kids from 6 months to teens!

Why ChildLife Essentials® Multi Vitamin & Mineral?

Efficacy: This unique liquid formula allows us to pack more essential vitamins and minerals into each convenient serving.

Purity: Gluten-free and non-GMO. Contains no artificial colors, flavors, or sweeteners.

Taste: Lightly sweetened and with a delicious natural orange/mango flavor. Formulated specifically for use by children beginning at age six months to teens.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

ChildLife Essentials® Liquid Calcium with Magnesium

16 Fluid Ounces (473 mL)
 Natural Orange Flavor Liquid Formula

ChildLife Essentials® Liquid Calcium with Magnesium contains Calcium, Magnesium, Zinc and Vitamin D - the primary nutrients that help support healthy bone growth and development for children.

Today's diets already lack optimal levels of nutrients. ChildLife Essentials® Liquid Calcium with Magnesium supplementation can help provide nutrients that may be missing from the diet.

Calcium is one nutrient kids cannot afford to skip.*

Why ChildLife Essentials® Liquid Calcium with Magnesium?

Efficacy: Provides an ideal ratio of Calcium, Magnesium, Zinc, and Vitamin D3 for healthy bone growth and development.

Purity: Gluten-free and Non-GMO. Contains no artificial colors, flavors, or sweeteners.

Taste: Lightly sweetened and with a delicious natural orange flavor. Formulated specifically for use by children beginning at age six months to teens.

ChildLife Essentials® Liquid Vitamin C

4 Fluid Ounces (118 mL)
 Natural Orange Flavor Liquid Formula

The taste of ChildLife Essentials® Liquid Vitamin C will have your kids asking for it every day.

Immune Support Superstar. Vitamin C has been thoroughly researched and shown to help support the immune system through daily use.*

Helps Reduce the Impact of Environmental Substances. Children today are being exposed to more toxins than any previous generation. To defend against these pollutants, your child's body utilizes and requires extra antioxidants.*

Why ChildLife Essentials® Liquid Vitamin C?

Efficacy: Provides Vitamin C for healthy immune system function in a convenient liquid dosage.

Purity: Gluten-free and Non-GMO. Contains no artificial colors, flavors, or sweeteners.

Taste: Lightly sweetened and with a delicious natural orange flavor. Formulated specifically for use by children beginning at age six months to teens.

Infants 0 - 12 mos: 6 drops daily

Children 1+ yrs: 8 drops daily

ChildLife Essentials® Vitamin D3

1 Fluid Ounces (30 mL)
 Natural Berry Flavor Liquid Formula

Vitamin D3 is so important, the American Academy of Pediatrics recommends using a supplement to help meet daily requirements of 400 IU.

Immune & Respiratory Health. Proper levels of vitamin D3 can help to maintain a healthy functioning immune and respiratory system in your child.*

Bone Health. Vitamin D3, along with a healthy diet and exercise, can help the body's natural production of cells, which are found in healthy joints and is a key nutrient for helping your child maintain proper bone health.

Heart Health. Studies on the sunshine vitamin support vitamin D3's role in a healthy heart, both in children, as they develop, and in adults.*

Why ChildLife Essentials® Vitamin D3?

Efficacy: Delivers 500 IU Vitamin D3 per serving.

Purity: Kosher, gluten-free and non-GMO. Contains no artificial colors, flavors, or sweeteners.

Taste: Contains a delicious natural berry flavor. Formulated specifically for use by infants beginning from birth to teens.

ChildLife Essentials® Pure DHA

90 Chewable Softgels
 Natural Berry Flavor (Fish Gelatin)

DHA is the superstar nutrient for supporting healthy brain growth and function. Provide them with the perfect DHA supplement for kids with these naturally-flavored softgels.*

Brain Food. 60% of the brain grows from, develops from and is comprised of fats and oils. Of these, 50% is just one fatty acid: DHA. DHA is also particularly abundant in the nervous system, and therefore it may help support healthy nervous system function and development.*

Purified and Tested. When it comes to cod liver oil, it is critical that the product be purified and free of detectable levels of toxins. ChildLife® uses the finest purification methods available, such as molecular distillation, to safely remove toxins without compromising on quality.*

Why ChildLife Essentials® Pure DHA?

Efficacy: Delivers 90mg DHA and 60mg EPA (as triglyceride (TG)) per three chewable softgels serving.

Purity: Contains pure arctic Cod Liver Oil sustainably wild-caught from the pristine cold-water fjords of Norway. Gluten-free. Tested for PCBs, Dioxins, Furans, and heavy metals.

Taste: Combines molecularly distilled and purified fish oil with a hint of strawberry for a great-tasting, easy-to-take, brain boosting supplement children will love. Each chewable softgel may be opened to allow for use by infants beginning at age six months to teens.

ChildLife Essentials® Echinacea

1 Fluid Ounce (30 mL)
Natural Orange Flavor Liquid Formula

The use of echinacea for children has been researched for its ability to boost and support a healthy immune system.* And now, infants and kids can benefit from one of the most popular, respected and highly researched herbs in the world.

One of the things that prevented children from taking echinacea in the past was its taste. ChildLife Essentials® Echinacea is flavored with a natural, sweet, orange essential oil that kids will love.

ChildLife Essentials® Echinacea contains the two most potent, absorbable and bioavailable forms of echinacea: echinacea angustifolia (root) and echinacea purpurea (leaf & flower).

Why ChildLife Essentials® Echinacea?

Efficacy: Provides health-promoting bioactive compounds naturally extracted from wild-crafted Echinacea root, leaf, and flower.*

Purity: Kosher, gluten-free and non-GMO. Contains no artificial colors, flavors, or sweeteners.

Taste: Combines the soothing herbal flavors of Echinacea with a natural orange oil in a convenient dropper dosage. Formulated specifically for use by children beginning at age six months to teens.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

ChildLife Essentials® Organic Gripe Water

2 Fluid Ounces (59.15 mL)
Liquid Formula

ChildLife Essentials® Organic Gripe Water for babies is a liquid herbal supplement that contains a combination of soothing and calming herbs used to comfort infants experiencing bloating and stomach discomfort often associated with colic, teething and hiccups.* Free of impurities and unnecessary chemicals, ChildLife Essentials® Organic Gripe Water formula contains six safe, natural and time-tested ingredients and it's certified organic.

- Organic Ginger.** Helps comfort babies experiencing nausea, gas, bloating, and stomach cramps resulting from colic.*
- Organic Fennel.** Helps relax a spasmodic colon and release trapped gas in colicky babies.*
- Organic Dill.** Helps dispel flatulence, settle the stomach, and calm the digestive tract in toddlers.*
- Organic Kiwifruit Extract (Actazin™).** Sourced from New Zealand, Kiwifruit Extract (Actazin™) helps maintain bowel regularity, as well as the natural ecology of "good" bacteria in your child's digestive tract.*

Why ChildLife Essentials® Organic Gripe Water?

Efficacy: Provides a proprietary blend of soothing and calming botanical ingredients.

Purity: Gluten-free, USDA Organic, Kosher, and Non-GMO. Contains no artificial colors, flavors, sweeteners, or preservatives.

Taste: Contains calming herbal and botanical ingredients for a natural and soothing flavor.

ChildLife Essentials® Cod Liver Oil

8 Fluid Ounces (237 mL)
 Natural Strawberry Flavor Liquid Formula

Cod liver oil is the perfect nutritional supplement for growing infants and children. ChildLife Essentials® Cod Liver Oil is even better with a strawberry flavor that they will enjoy.

Nervous System, Eyes and Bones. DHA is particularly abundant in the nervous system and can help support its function and development.* In addition to DHA, cod liver oil contains the omega 3 fatty acid EPA that is important for healthy bone development in children.*

Purified and Tested. When it comes to the best cod liver oil for kids, it is critical that the product be purified and free of detectable levels of toxins. ChildLife® uses the finest purification methods available, such as molecular distillation, to safely remove toxins without compromising on quality.

Why ChildLife Essentials® Cod Liver Oil?

Efficacy: Delivers 550mg DHA and 400mg EPA (as triglyceride (TG)) per serving for children ages 1-3 years old.

Purity: Contains pure arctic Cod Liver Oil sustainably wild-caught from the pristine cold-water fjords of Norway. Gluten-free and Non-GMO. Tested for PCBs, Dioxins, Furans, and heavy metals.

Taste: Combines molecularly distilled and purified fish oil with a hint of strawberry for a great-tasting, easy-to-take, brain boosting supplement children will love. Formulated specifically for use by infants beginning at age six months to teens.

ChildLife Essentials® Formula 3 Cough Syrup®

4 Fluid Ounces (118.5 mL)
Natural Berry Flavor Liquid Formula

ChildLife Essentials® Formula 3 Cough Syrup® for children combines buckwheat honey and three of the most well-researched homeopathic extracts to provide effective cough relief so your child can rest.

Elderberry (*Sambucus nigra*)
Umckaloabo (*Pelargonium sidoides*)
Cherry Bark (*Prunus serotina*)

Why ChildLife Essentials® Formula 3 Cough Syrup®?

Efficacy: Provides a unique combination of homeopathic remedies and natural buckwheat honey.

Purity: Gluten-free. Contains no artificial colors, flavors, or sweeteners.

Taste: With delicious natural berry flavors. Formulated specifically for use by children beginning at age two to eleven.

Drug Facts

Active Ingredients

Umckaloabo (*Pelargonium sidoides*) 1X Cough Suppressant
Wild Cherry Bark (*Prunus serotina*) 1X Cough Suppressant
European Elderberry (*Sambucus nigra*) 1X Cough Suppressant

Purpose

Uses

- Temporarily relieves symptoms of cough including dryness and minor throat and bronchial irritation associated with the common cold

Warnings

Do not give this product for persistent or chronic cough such as occurs with asthma or if cough is accompanied by excessive phlegm (mucus) unless directed by a doctor.

Stop use and ask a doctor if cough persists for more than 1 week, tends to recur, or is accompanied by fever, rash, or persistent headache, as a persistent cough may be a sign of a serious condition.

If pregnant or breast feeding, ask a health professional before use.
Keep out of reach of children. In case of overdose, get medical help or contact a Poison Control Center right away.

Directions

- Children 2 - 4 years of age: 1 teaspoon every 3 hrs., or as needed.
- Children 5 - 11 years of age: 1-2 teaspoon every 3 hrs., or as needed.
- Children under 2 years of age: consult your healthcare practitioner.

Drug Facts (continued)

Other information

- Shake well before use
- Store in a cool, dry place

Inactive Ingredients Buckwheat Honey, Elderberry Extract, Citric Acid, USP Purified Water, Natural Mixed Berry and Raspberry Flavor, Potassium Sorbate, Stevia, Xanthan Gum.

ChildLife Essentials® Organic Vitamin K2

0.406 Fluid Ounces (12 mL)
Natural Berry Flavor Liquid Formula

The function of a vitamin K2 supplement is unique among other vitamins; its biological role is to help move calcium into the proper areas in your child's body.*

During childhood and adolescence, bones are highly active and osteocalcin levels are 8 to 10 times higher compared to adult bones. Unfortunately, many children are vitamin K deficient, so supplementing with vitamin K2 for kids should be considered.*

Why ChildLife Essentials® Organic Vitamin K2?

Efficacy: Delivers 5mcg Vitamin K2 per drop, allowing for easy dosing for children of all ages.

Purity: Gluten-free, USDA Organic, Kosher, and Non-GMO. Contains no artificial colors, flavors, or sweeteners.

Taste: Each convenient drop is lightly flavored with a hint of natural berry. Formulated specifically for use by infants beginning from birth.

*These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.

ChildLife Essentials® Prenatal DHA

30 Softgels
Natural Lemon Flavor (Fish Gelatin)

Did You Know?

Taking Prenatal DHA supports healthy birth weight and healthy length of pregnancy. Infants born to mothers with higher blood levels of DHA have advanced attention spans well into their second year of life. Supplementing with Prenatal DHA during pregnancy is important for supporting healthy brain and eye development of the baby in utero and throughout infancy.*

Great Lemon Flavor. When you are pregnant, it can be hard to smell or ingest certain foods. With this in mind, ChildLife Essentials® chose a fish gelatin soft gel (most brands use pork or beef gelatin) and added a natural lemon flavor. There is no fishy smell or aftertaste which makes this important nutrient very easy to take.

The Purest and Highest Quality DHA. ChildLife Essentials® uses the finest purification methods available, such as molecular distillation, to safely remove toxins without compromising on quality.*

Why ChildLife Essentials® Prenatal DHA?

Efficacy: Delivers 500mg DHA per softgel.

Purity: Gluten-free. Tested for PCBs, Dioxins, Furans, and heavy metals. Contains no artificial colors, flavors, or sweeteners.

Taste: Combines purified fish oil with a hint of lemon. Formulated specifically for use by pregnant and lactating women.

ChildLife Essentials[®] Toothpaste Tablets

60 Chewable Tablets (500 mg)
Natural Berry Flavor

Getting kids to take care of their teeth is one of the hardest things to do. Now it's easy, effective and even fun with a children's chewable toothpaste tablet.

Help Reduce Plaque and the Chances of Tooth Decay. Clinical studies by the University of Bordeaux have shown that cranberry extract and Xylitol helps reduce plaque and the chances of tooth decay.*

Safe to Swallow, No Scary Chemicals. No Fluoride, Sodium Laurel Sulfate, Triclosan, Saccharin or other toxic chemicals found in conventional toothpaste.

Makes Oral Care Fun and Easy on Parents. All they have to do is bite down on the toothpaste tablet. This will quickly create a paste. Add a tiny bit of water from a glass or from a wet toothbrush. Then brush, rinse and smile!

Why ChildLife Essentials[®] Toothpaste Tablets?

Efficacy: Combines xylitol, cranberry, calcium lactate, and sodium bicarbonate for an effective addition to a traditional oral-care regimen.

Purity: Gluten-free and Non-GMO. Contains no artificial colors, flavors, or sweeteners.

Taste: Lightly sweetened and with a delicious natural strawberry flavor. Formulated specifically for use by children beginning at age three.
