

Patented fenugreek seed extract with unique bioactive composition. Clinically substantiated for comprehensive women's health throughout menopause.

Clinically substantiated for women's health

Patented extraction and composition

Unique mechanism of action

Clean label and water-soluble formulation

Responsibly sourced with full traceability

Low dosage of 250 mg once or twice per day

FenuSmart® is a patented and unique fenugreek composition made from *Trigonella foenum graecum* seeds, standardized to deliver potent bioactives belonging to the families of saponins and alkaloids. Produced through a patented extraction process, it delivers a unique ratio of bioactive compounds. FenuSmart's safety, efficacy, and unique mechanism of action have been clinically substantiated. With five compelling clinical studies behind it, FenuSmart is remarkably efficacious in alleviating vasomotor discomforts related to menopause, restoring hormonal balance, and improving mood and well-being. Discover the power of transformative women's health support at every stage with FenuSmart.

### CLINICALLY SUBSTANTIATED HEALTH OUTCOMES
